MEZZE MAMBO

MEZZE MAMBO

Welcome to our culinary journey along the historic Silk Route, where flavours intertwine and cultures collide to create a symphony for your senses. At Mezze Mambo, we invite you to embark on an extraordinary expedition, tracing the ancient trade routes that connected the East and the West.

Our menu is a vibrant tapestry woven with spices, aromas, and tastes from the diverse lands that once thrived along the Spice Trade Route. Each dish tells a story, a tale of merchants, explorers, and the exchange of culinary treasures that transcended borders.

From the spice bazaars of Istanbul to the fiery meats from Azerbaijan, Iran and Afghanistan, to the nostalgic flavours of the pre - partition recipes to robust grills of the North West frontier cuisines to subtleness of the coastal flavours from the Maritime Silk Route, savour the essence of this historical journey through every dish.

The food at Mezze Mambo revolves around a spread of delicious dishes, a room full of love, laughter, a gazillion different conversations overlapping each other, and of course friends & family! The dishes tick every box - from fiery grilled kebabs to subtly spiced cooling dips, from freshly baked breads to crunchy salads to indulgent stews and tagines, we have you covered!

We hope you enjoy your time at Mezze Mambo!

Please do ask for the chef, in case you need any help
with your order or if you just want to compliment the food!
